

INTRODUCTION TO LAUNCHING AN EO CHAPTER

Starting a new chapter within the Entrepreneurs' Organization (EO) is a lot like starting a new company. It takes dedicated leadership, and in this case, a real group effort to make sure the startup chapter succeeds. If you have a passion for success, shaping an EO startup chapter gives you the chance to make your mark.

This document details the process for starting an EO chapter, the resources available and the expectations of the organization. EO chapters around the globe are structured like franchises— independent in many ways, but also bound by certain guidelines to ensure a similar membership experience for every member.

THIS BROCHURE INCLUDES:

- A brief history of EO
- Overview of EO benefits
- Steps to launching an EO chapter
- Timeline to launching an EO chapter

GETTING STARTED!

You are about to take the first step in creating the leading entrepreneurial peer group in your city. Throughout this process you will have the support of staff and member leaders guiding you through the creation of this chapter. Are you ready? Your chance to make significant contributions to your community begins NOW!

1. The first step is to understand our organization and what we have to offer. Please review our material, and feel free to ask a lot of questions.
2. If you are interested in becoming a launch champion, you will need to fill out a member application form:
 - a. <https://www.eonetwork.org/forms/Pages/MembershipApplication.aspx>
 - b. We will not process your application until you are 100 percent committed to launching the chapter, and we are 100 percent certain that you are the right person for the launch.
3. The next step is to experience EO first hand. We will invite you to attend a chapter event and/or a Global event.
4. Upon returning from the EO event the next step would be to determine whether or not you want to join EO and launch the chapter. At this point we will process your membership as an at-large member and charge your credit card.
5. Should you desire to “make your mark” you would then need to garner support and interest from 8-10 other qualified individuals who wish to launch the chapter with you.
6. Upon garnering interest from the core group of people, a chapter launch application would need to be completed. Please keep in mind that the global organization launches a limited number of chapters globally each year, and we prioritize these launches and the regions so as to provide the proper support.
7. The application will go through an approval process which usually takes 30-45 days. The application will be reviewed by member and staff leaders.
8. Once approved EO will put together a launch team to aid you in this project. Should the application be rejected or delayed, you will have the option to maintain at-large status.
9. The next step will be to schedule an event in your city. We will work with you side by side during the planning process. The main thing is to invite 40-50 qualified, prospective members to join this new startup chapter. The goal is to sign up 12 members and to determine your chapter board over the next 30 days.
10. EO is committed to supporting this startup chapter while you build out your structure and systems. Upon completing the milestones within 12 months—mainly growing the chapter to 25 people—the chapter will then be recognized as an official EO chapter.

HISTORY OF EO

In the beginning, we were the Young Entrepreneurs' Organization (YEO), growing throughout Canada and the United States and expanding to Mexico and Asia. By 1996, the same year we hit 1,000 members, it was clear that there was a need for a graduate program. As a result, the World Entrepreneurs' Organization (WEO) was initiated. YEO and WEO chapters formed in Australia, Europe and the Middle East.

In 2005, YEO and WEO merged to create the Entrepreneurs' Organization (EO), creating a global community that enriches members' lives through dynamic peer-to-peer learning, once-in-a-lifetime experiences and connections to experts.

Here are just a few of our many milestones over the years:

1987

At the request of Verne Harnish, 22 members of the ACE 100 invest US\$1,000 in a new group: YEO.

1992

The first YEO chapter outside the US and Canada is formed in Mexico City.

1996

Membership swells to 1,000 members during YEO's 10th anniversary year. The WEO, YEO's official graduate organization, is initiated.

1999

YEO expands on European soil, launching chapters in the UK and the Netherlands.

2002

YEO again meets a membership milestone during an anniversary year, surpassing the 5,000 member mark while celebrating YEO's 15th anniversary.

2005

The EO brand is officially launched, uniting YEO and WEO, at the Global Leadership Conference (GLC).

2007

EO celebrates its 20th Anniversary in Las Vegas, Nevada, USA.

FAQ

HOW MUCH DOES EO COST?

Dues cost roughly US\$3,000 for the first year and roughly US \$2,300 every year thereafter, whereby US\$1,000 stays with the chapter as local dues. Your chapter dues will go directly into a holding account for your chapter. Once the chapter has been established and has set up a bank account, the local funds will be transferred to you. Dues are pro-rated quarterly so members get the most value for their membership dollars.

WHAT CAN I EXPECT FROM THE EO GLOBAL STAFF?

Each chapter is assigned a Business Development Director for the first year of startup status. This person is the lead in helping with the affairs of the chapter. You can expect this person to coordinate all efforts to assist the chapter from the global level. EO Global also has staff to assist with Forum, learning and all of the other services available to the member and the chapter. Upon completing your startup year, you will be assigned a chapter manager who will be your main staff contact.

WHAT IS AN EO STRATEGY SUMMIT?

The EO Strategy Summit is a facilitated retreat for global EO chapter boards. Summits are created for the purpose of generating board alignment, focus and momentum. Since the facilitators of the Strategy Summit are also members, they are able to share how other chapters have accomplished their goals. At a Strategy Summit, you will create core values for your board to leverage every strategic decision and identify your chapters' dangers, opportunities and strengths, all leading to a one-page business plan that includes your chapter's vision and mission, a prioritized list of top five objectives and measurable goals for each board position.

WHAT IS EONETWORK?

EOnetwork (www.eonetwork.org) is a member-only communication tool. You are able to utilize the online membership directory, with advanced search and reporting capabilities. You are also able to update your personal profile. EOnetwork connects members directly to all EO services and benefits. It is the one-stop-shop for all things EO!

WHAT DO EO GLOBAL SPONSORS DO FOR THE MEMBERS?

Global Sponsors support EO and its members through financial and in-kind sponsorship of events and programs. Sponsorship of programs keeps member dues as low as possible. Sponsors also offer services that are important to the entrepreneur. Each sponsor is chosen based on the relevance of their product or service to EO members.

WHAT DOES A CHAPTER BOARD DO?

The chapter board is made up of members who volunteer to handle the affairs of the chapter. The board is composed of a president and various chairs. The president handles the strategic direction of the chapter and presides over the group at board meetings. The chairs handle assigned tasks based on the position they hold (Forum, Learning, Membership, Sponsorship, Finance, Communication, etc.).

WHAT IS THE GLOBAL LEADERSHIP CONFERENCE (GLC)?

GLC is an annual leadership training conference. Held in both North America and the Asia-Pacific region each May, the conference attracts member leaders from around the globe who are interested in learning how to effectively run a chapter of EO. GLC is MANDATORY for all chapter officers. Attendees share high-level best practices for their experiences and pick up ideas to better understand how to create a great chapter experience.

HOW DO I START THE FIRST FORUM IN MY CHAPTER?

The initial Forum is a critical step for a chapter. Forums are made up of 8-10 members in non-competing businesses with no other personal conflicts that would hamper the trust in the group. Once these members are Forum trained, they are ready to meet monthly as a Forum. Forum training shows members how to work as a healthy Forum. EO stipulates that the founding board must start three Forums within the first year. You may be a part of two Forums and then drop out of one if time does not permit. Forum development is critical to help the chapter achieve the required 25 members within the first year and to move from startup to official EO chapter status.
