

EO Global Entrepreneur Indicator

GLOBAL EDITION February 2018

In its eighth year, the **2018 Global Entrepreneur Indicator (GEI)** is a twice-yearly gauge of the near-term global economic outlook that delivers data on job creation, profit outlook and access to capital, among other key metrics. The Entrepreneurs' Organization's February GEI—taken by 4,480 leading entrepreneurs—reveals the current state of 58 countries' business landscapes and economic health, among other statistics designed to identify economic trends, drive fiscal growth and strengthen communities.

JOB CREATION

Entrepreneurs indicate increase in full-time staffing levels

REVENUE

ECONOMICS

83%
